 LeetCode  CodeChef  Gautam Buddha Nagar Uttar Pradesh

## Education

ABESIT B Tech CSE	Oct 2023 – present Ghaziabad, India
Blue Diamond Public School • 12th PCM(CS) - 92%	2022 – 2023 G.B Nagar, India

## Projects

### SONIC Chat App

#### MERN STACK

- Implemented user **authentication** and form handling for **registration**.
- Integrated **React-Toastify** for **error notification** handling during login.
- Utilized **Multiaavatar API** for avatar selection.
- Enabled live interaction with **WebSockets** and stored chats in **MongoDB**.

### Expense Tracker

#### React.js

- Implemented a **user-friendly** interface to track and categorize expenses.
- Utilized React's state management (**useState**) for handling component-level state.
- Employed **useEffect** for managing side effects such as fetching data and updating the UI.
- Demonstrated proficiency in handling props to facilitate communication between React components.

### APNA STORE

#### MERN STACK , AWS

- App Download and Upload: Users can easily browse, download, and upload mobile applications, fostering a collaborative environment for app distribution
- Enhanced User Experience: The ability to download and upload apps within the same platform streamlines the app distribution process, providing users with a convenient and centralized hub for all their mobile application needs.

## Skills

Python • Javascript • DSA — Solved 300 question on GFG/Leetcode • Problem Solving • React js  
• Git • Express js • Node js • MongoDB

## Interests

Gaming • Video Making

## Open Source Contribution

### CircuitVerse

2024

- Implemented **FAQ** tag in website footer, enhancing user experience.
- Collaborated on integration with project team, modifying **HTML.erb** files.
- Gained hands-on experience with **Docker** setup.
- Enhanced understanding of **enterprise-level** software development through codebase navigation.

## Achievement

- 378 Global rank in Codechef contest.
- 2★ on codechef.
